DETAILED ACTION

Oath/Declaration

The Oath and Declaration is missing. A new Oath and Declaration is required.

Specification

This application does not contain an abstract of the disclosure as required by 37 CFR 1.72(b). An abstract on a separate sheet is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites the limitation "wherein the inundation" in line 4. There is insufficient antecedent basis for this limitation in the claim.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The prior art of Janus et al. (US 6,385,381), Carter et al. (US 5,973,770), Maron (US 6,016,702), and Tubel et al. (US 6,281,489) are cited to show a variety of optical cable monitoring systems.
